Governor Larry Hogan announced on May 4 that the State of Maryland has opened up direct scheduling for mass vaccination sites. The state's pre-registration system is closed, and all 831,872 pre-registrants have now been offered appointments.

Marylanders can immediately book an appointment to get vaccinated by visiting covidvax.maryland.gov or by calling the state's COVID-19 Vaccination Support Center at 1-855-MD-GOVAX (1-855-634-6829). The support center is available seven days a week, from 7 a.m. to 10 p.m.

The state distribution network for COVID-19 vaccines includes hospitals, county health departments, and neighborhood pharmacies. Use covidvax.maryland.gov to find a provider near you or call 211 for assistance. Vaccinations at these providers are by appointment only, and some may allow you to pre-register.

Retail pharmacies are also providing vaccinations at locations across the state. To access scheduling information through the state's website (search by zip code), visit: <https://maryland.maps.arcgis.com/apps/instant/nearby/index.html?appid=0dbfb100676346ed9758be319ab3f40c>
